WHAT'S INSIDE

Part 1 · 300 Top Companies — Official Career Pages

IT services, product & big tech, startups, banks, auto, FMCG, pharma, retail, aviation and more.

Part 2 · 205 Companies Hiring for Data, Tech & Analytics Roles

Each with its careers link and the roles it usually hires for (Data Analyst, SDE, ML Engineer…).

HOW TO USE THIS LIST

1. Open the careers page and filter for "Fresher", "Graduate" or "Entry level" roles.
2. Note the Job ID of every role you apply to — you will need it for referrals.
3. Set alerts on the careers page so new roles reach your inbox first.
4. Ask an employee for a referral with your Job ID + resume to get noticed faster.
5. Find fresh openings with direct HR contacts daily at firstoffer.online
